B&GH Campus Community:

Thank you for all you are doing to continue keeping our residents and staff safe and healthy. This has been a tremendous coordinated effort to follow recommended guidelines and put procedures in place toward the goal of safety for all. It is working! We are so blessed that there continue to be NO positive COVID-19 cases on campus or in any of our Foster Homes.

Even as the numbers are rising in our area and around us, we will continue to take the necessary precautions for safety on campus. We know that the most important thing we can all do is to take individual responsibility in the following ways:

Maintain the 3 W's

- Wear – a cloth face covering
- Wait – 6 feet apart. Avoid close contact
- Wash – your hands often and/or use hand sanitizer

Maintain Social & Physical Distancing

- Keep at least 6 feet between you and others
- Don't gather in groups of 10 or more

When interacting with others on campus a face covering is recommended

As a campus, we will continue the following:

- Follow all Residential protocols in place for current residents and future admissions
- The security gates will continue in the closed position
- Flemington Hall will remain locked with doorbell access
- Visitors:
 - Are discouraged from coming to campus
 - Required visitors will be met and directed to the appropriate campus location
 - Will be required to wear a face covering while on campus

Should you have any questions or concerns, please discuss with your supervisor.

Thank you again for your vigilance toward these recommendations. Remember that we are all in this together and as we navigate the coming weeks, support each other and treat each other with compassion and understanding.
